Molie

Instruction about SWAP in the Molie system

Exchange of IMPL to IMPLX (SWAP)

1. Follow the invitation link that you received in order to proceed with the registration.
2. Take the steps to register a new account.
   a. IMPORTANT! Save the recovery phrase that was created automatically
   b. We recommend you to save your unique ID.
   c. IMPORTANT! Create a password for the payment and necessarily save it or memorise it. (In case you lose the password for payment, you won't be able to manage your funds)
   d. IMPORTANT! Also, you have to create and save a recovery password.
   e. After these steps, the system wallets: IMPL, IPMLX and MOX are going to be created automatically.
3. SWAP is going to be conducted according to the ratio 8(IMPL) to 1(IMPLX). For instance: 800 IMPL = 100 IMPLX.
4. In order to create a SWAP, you have to open the "Wallets" section. There you will see the button "SWAP to IMPLX". (Time for the SWAP transaction could be up to 10 minutes)
5. In order to begin the SWAP, we offer you to transfer all the IMPL coins (from any other wallets) to your new system wallet IMPL in the Molie system.
6. In order to transfer the coins from your other wallets, you need to open the system wallet, press the "Receive" button and copy the number of your system wallet.
7. Now, you can insert the copied number of your system wallet and transfer the coins from any other system where you have your IMPL coins.

Invite your friends and receive bonuses

1. Invite your friends to the Molie - share the invitation link and you will be able to receive bonuses for each transaction of your friend registered in the Molie system.
2. Open the "Profile" section in the menu and go to the "Partnership program".
3. As soon as your friend gets registered in the Molie system, you will see their profile in the "Contacts" section.
4. During the registration, each user receives a personal ID. The username is optional. In the "Contacts" section you will be able to see their ID and username.

Customer support

1. You can always ask for help via the chat with the support team in the "Contacts" section.
2. We are going to do our best in order to answer quickly and help solving all the difficulties as fast as possible.
